MORAL REVOLUTION URGED FOR GERMANY

Needed to Qualify for League of Nations.

PARIS, Nov. 15.—Germany must undergo a moral revolution as well as a political upheaval before she can be admitted to a league of nations, says Leon Bourgeois, former cabinet minister, president of a commission recently appointed to study the plan for a great combination of states for the future.

"The universal war has demonstrated to all nations the necessity for an international constitution," he says. "This would assure to each nation the sanctity of its rights. Diplomatic and judicial measures could place a discordant state in intolerable solitude, and not only the state but its citizens would suffer. President Wilson has admitted the legitimacy of economic penalties and hinted that they might possibly be used against the Central Powers.

"If this weapon should fall there would remain international military intervention. But economic measures which would deprive a country of raw materials and interrupt land and sea transport would be sufficient to crush resistance."

FOE ASKS WILSON TO HASTEN PEACE

Warns That Germans Face Famine and Anarchy.

By the Associated Press.
BERLIN, Nov. 15 (by wireless to London).—The new German Government has sent a message to President Wilson asking him to send plenipotentiaries as quickly as possible to the Hague or some other city. The message, addressed to Secretary Lansing, follows:

"The German Government and the German people have gratefully taken cognizance of the fact that the President of the United States is ready to consider favorably the sending of food to Germany. Distress is urgent. I believe I am not appealing in vain to the humanitarian feelings of the President if I ask you to submit to him the request that, in order to save the German people from starvation and anarchy, he will quickly as possible send to the Hague or some other place plenipotentiaries."

BRANDEIS AND ROOT PROBABLY ENVOYS

Continued from First Page.

Paris conference of 1898, when peace treaties between the United States and Spain were drawn, the fact has not yet developed. On the contrary it was said there was a decided disinclination to involve the legislative branch of the Government in any way in the work of constructing treaties, which is regarded as a purely executive function under the terms of the Constitution.

SENATE ONCE OBJECTED

It also was today recalled that the Senate itself not many years ago recorded its formal objection to the appointment by the President of any of its members as commissioners to negotiate agreements which must afterward come before it for approval.

Notice has been taken by officials here of the demerit by certain socialist elements, not only in Europe but in America, to have labor participate in the peace congress. Officials were understood to hold that to recognize labor in this way would be to establish class distinctions that would be thoroughly un-American.

U. S. REFUSES TO BE MEDIATOR FOR FOE

Tells Germany to Address Notes to All Allies.

Special Despatch to The Sun.
WASHINGTON, Nov. 15.—This Government in advance of the peace conference prefers not to have any more communications addressed to it individually by the new Government in Germany or by any of the other defeated nations.

The report of the German and Austrian authorities to place the President of the United States in the role of an intermediary and secure his good offices to effect modification of the armistice terms virtually came to naught today when this Government replied to the latest note of Dr. Dolf, which asked the President to accelerate the opening of peace negotiations on account of famine conditions in Germany.

The reply sent to this communication merely acknowledged the receipt of the note and asked that any future communications be addressed to all of the Powers rather than to this Government individually.

NOTE SIGNIFICANTLY BRIEF

The note, which was not made public, is understood to have been of the briefest character, and plainly showed the Government's attitude in replying to the wrong course in addressing such appeals to the President.

At the same time it was learned today that the German and Austrian envoys received from Bavaria and Austria have been forwarded to the other Governments for their consideration.

There was no official comment of any kind to-day on the message addressed to Dr. Wilson sent out from Nauen, and signed by Gertrude Baumer, representative of the National Council of German Women. This message is understood to have been delivered at the White House by the Navy Department, which picked up the radio.

There was no intimation to-day as to what notice would be taken of this appeal, though there is some reason to believe that its nature will be communicated to the Supreme War Council, which is about to resume its sessions at Versailles and which alone has the right to make any modifications in the armistice.

It is very apparent to officials here that the German propaganda system is at work very actively already to obtain modifications of the terms, basing this largely on the food situation, but the point is stressed here that this situation now rests with the Supreme War Council.

SEEMS TO KEEP RAILROAD CARS

Just now Germany appears to be concentrating her efforts to obtain a modification of Article 17, which provides for the delivery to the Allies in twenty-five days of 100,000 railroad cars. According to the best information obtainable here, however, this number represents the rolling stock that was seized by the Germans in France and Belgium and was arrived at by a most careful tally.

Consequently Germany is merely being called upon to give up some of her loot. It is intimated here, however, that the meeting of the Supreme Council is to give careful attention to the food situation in Germany and in this connection probably will consider the German plea that the giving up of this rolling stock would hamper seriously the distribution of food. Germany is believed here to have allowed much of her own rolling stock to depreciate until it is virtually useless.

Herbert Hoover will take part in these deliberations, but Mr. Hoover is reported to be not entirely in sympathy with Germany's plea.

EXILES SEND PLEA TO WILSON

Banished Costa Ricans Ask Him to Liberate Their Country.

MANAGUA, Nicaragua, Nov. 15.—Costa Rican business men and politicians exiled in Nicaragua have sent a telegram to President Wilson begging him, now that Europe has been freed from tyranny, to do the same for Costa Rica and enable her to re-enter the society of free and democratic nations.

The Costa Ricans exiled in Nicaragua are followers of President Gonzalez, who was overthrown in a revolution in January, 1917. Gen. Tinoco, who headed the revolution, is now President of Costa Rica. The Washington Government has never recognized the Government of Gen. Tinoco.

GERMAN TREACHERY FAILED IN GREECE

Prime Minister Says Reward for Betraying Serbia Was Scorned.

MONASTIR BRIBE OFFERED

Venzelos, in London, Reveals Hidden Chapter of Kaiser's Diplomacy.

LONDON, Nov. 15.—Prime Minister Venzelos of Greece, speaking in London yesterday, referred to a conversation he had at the beginning of the war with the German Minister in Athens. The German Minister had come to him because he was aware of the declaration of M. Venzelos that if Bulgaria attacked Serbia Greece would go to the assistance of her ally.

"The Minister showed me the great danger Greece would run if she carried out her plan because she would have opposed to her not only Bulgaria but Germany," said M. Venzelos. "I replied that I was exceedingly sorry to hear that, but it was our duty to go to the assistance of our ally and we should carry out that duty."

"The German Minister then asked me if in going to Serbia's assistance I was looking forward to any benefits that might accrue to Greece," he replied. "No," he then said. "But if Greece will remain neutral we are in a position to give her very great and substantial benefits."

"I asked what were the benefits Germany would offer us. I put that question knowing what the answer would be, but I wished it to come from him. He replied, 'Germany will give you Monastir as much more of Serbia as you want.'"

"I said to the Minister: 'You will allow me to translate your offer into my own words. What you do is this—you ask me to dishonor my signature, to dishonor my country and to violate its obligations toward Serbia, and as a reward for this I am to receive a part of the territory of which I am expected to kill. My country is too little to commit so great an infamy.'"

DUJAT SENTENCE STANDS

Court Refuses Revision Asked by Warden of Sing Sing.

Alexander Dujat, former County Clerk of Queens who is under sentence of not less than one year or more than three, following his conviction of bigamy in the Supreme Court at Long Island City, is experiencing difficulty in getting into Sing Sing prison. When taken there by a deputy sheriff admission was refused to him, the warden maintaining that Justice Crosey had made a mistake in terms of the sentence, which was to permit Dujat's liberation after a few months.

Dujat was brought back to Queens County Jail in the expectation that he would be released. Justice Crosey said yesterday the original sentence was perfectly good and that he would take no further action in the case. Sheriff Samuel Mitchell of Queens is puzzled whether to try to make another effort to get Dujat into prison or to keep him indefinitely at the jail. "The longer he stays out of Sing Sing, the later it will be when his term is finished," was Justice Crosey's comment last night.

EDITOR IS AUSTRIAN FOREIGN MINISTER

Socialists Storm Parliament—Twenty Injured.

LONDON, Nov. 15.—Otto Bauer, editor of the Vienna Arbeiter Zeitung, has been appointed Austrian Foreign Minister, according to a Vienna dispatch to the Exchange Telegraph received by way of Copenhagen.

Socialists stormed the Austrian Parliament building in Vienna Wednesday night, tried to enter the chamber where the new State Council was in session. Shots were fired before order could be restored and 20 persons were injured, according to dispatches reaching here. President Dinghofer denied the firing being from the Parliament building.

The new national flag of three bands, red, white and red, was hoisted over the building, but soon afterward someone removed the white band and the crowd cheered the red flag.

A party of Socialists occupied the offices of the Neue Freie Presse and brought out special editions advocating the establishment of a socialist republic in Germany.

Pope Benedict has written a letter to Cardinal Gasparri, the papal Secretary of State, in which the Pontiff says: "We pray that the situation between Austria and Italy will receive a solution confirming the just aspirations of the people."

We have given instructions to the Nuncio at Vienna to put himself in friendly relations with the nations of Austria-Hungary, which are now being constituted into independent states."

JUGO-SLAVIC UNITY FAVORED BY ITALY

Joining of Former Austrian Provinces to Serbia Wins Approval.

WASHINGTON, Nov. 15.—Unification of the Jugo-Slav provinces of Austria with the kingdom of Serbia meets with the approval of the Italian Government and the Italian people, according to the Italian Bureau of Public Information, in a statement tonight.

"If there has been opposition to Jugo-Slavic unity," said Capt. Revillon, who also is a member of the Italian Parliament, "this has not come from Italy but from Russia."

Italy has two fundamental interests, Capt. Revillon said. These he defined as: "First, that the peoples of the Austro-Hungarian monarchy be ordered as independent nations with free Governments."

"Second, that these nations be in as far as possible unified, because Italy naturally prefers to have upon her borders well ordered nations, rather than the anarchy of small States incapable, because of their weakness and because of their struggles, to represent a stable element of peace."

Complete agreement as to the union of the Jugo-Slav provinces of Austria with the kingdom of Serbia was reached by the National Council of Agrarian representatives of the Serbs, Croats and Slovenes of the former Austro-Hungarian empire, according to an official despatch received here today. The conference was held in Geneva November 7.

TURKS TO EVACUATE LARGE TERRITORIES

British War Office Announces Terms of Armistice.

By the Associated Press.
LONDON, Nov. 15.—A War Office statement in regard to the Turkish armistice says that the terms include the evacuation of Mosul vilayet by all the military forces and the surrender of military supplies. The town of Mosul must be cleared by November 15.

The Turks are to evacuate the territory of the Caucasus and northwest Persia and withdraw the Turkish forces behind the present frontiers in Syria and Cilicia. Turkish withdrawal to the westward of Buzanti (?) by December 15 is to be followed by immediate demilitarization.

Alexandretta was occupied by Anglo-French forces on November 10, the statement says. In Arabia delays through difficulty in communicating with several Turkish commanders in the hinterland are being overcome.

In the town of Mosul the local civil Turkish administration will be controlled by British political officers.

SUES ARMOUR CO. FOR \$225,000

Estate of Ford H. Keith Seeks Sales Commissions.

Mrs. Daisy Virginia Keith, administratrix of the estate of Ford H. Keith, brought suit in the Federal District Court yesterday against Armour & Co., meat packers of Chicago. The plaintiff asks \$225,000 as commissions on goods sold by Keith for the defendant company in India, China, Egypt and other countries.

According to the complaint Armour & Co. agreed to pay Keith commissions of 2 and 5 per cent. on sales of its products. Among the products specified are lard, oleomargarine, muscle and tendon extracts, gelatin, soap, ketchup, ammonia, rail stones, grape juice, flavoring extracts and syrups.

The contract is alleged to have been entered into on August 11, 1915. Keith died on October 6, 1917.

WILL YOUR TRUSTEE SURELY BE ABLE TO SERVE?

A MAN who recently went into our country's service had for some years been trustee of the large estate of a friend. The will had appointed two men, so that if one could not act, the other would be available.

One has lived abroad for years and consequently could not serve. The other is now obliged by military duties to relinquish the estate's management. On petition of the heirs, the court has appointed this Company as trustee. This is one of many recent instances of individual trustees resigning for one reason or another.

To insure your estate's being always in competent and dependable hands, would it not be wise to appoint this Trust Company in the first place?

FRENCH TO BE IN METZ ON MONDAY

Official Entry by Gen. Hirschauer—200,000 Will Parade in Paris Sunday.

PARIS, Nov. 15.—General Hirschauer of the Second French army will reach Metz Sunday evening, according to Marcel Lotin, editor of the Echo de Paris. He will not make an official entry of the city, however, until Monday.

Representatives of the German civil and military authorities will go to Nancy today to reach an agreement with Leon Mirman, Director of Public Relief, on important questions arising from the taking over by the French of the administration of Alsace and Lorraine.

A great manifestation will be held Sunday in honor of the liberated provinces. It promises to be the most important Paris has seen for many years. For the procession more than 200,000 participants have been named.

The parade will start at 2:30 o'clock in the afternoon from the Arche de Triomphe and will march down the Champs-Elysees to the Place de la Concorde, where great platforms have been erected facing the Strasbourg and Lille monuments.

President Poincare, surrounded by the highest officers of State, will deliver a speech. Ten thousand soldiers will line the route and an Alpine battalion, the "Blue Devils" and one regiment from the front will be stationed in the Place de la Concorde.

Six French bands and one American military band and the Royal Horse Guards bands will accompany the procession.

On the Place du Carrousel, close to the statue of Lafayette and Garibaldi, the famous painting of the "Marseillaise" hymn being sung by its author, Rouget de Lisle, will be represented in pantomime.

UHRO-RUSINS WILL VOTE ON UNIFICATION

Merger Plan With Czechs to Be Submitted in U. S.

WASHINGTON, Nov. 15.—Recommendations for the unification of Uhro-Rusins, a territory of about 15,000 square miles in northern Hungary, with the new Czechoslovak Republic, which were adopted at a meeting of the council of the nationality November 12 at Scranton, Pa., are to be placed before Uhro-Rusins in the United States for approval.

Officers of the national council announced tonight that the taking of a vote of the 500,000 Uhro-Rusins in this country will be completed within three weeks.

The Uhro-Rusins, it was said, have at the suggestion of President Wilson, limited their national ambitions to autonomy, as the nationality's population is estimated at under 1,000,000. Suggestions that they unite with the Ukrainians were voted down at the Scranton meeting.

BRITISH LABORITES TO STAND ALONE

Party Outlines Platform on Which It Will Run Independently.

Special Cable Despatch to The Sun. Copyright, 1918, all rights reserved.

LONDON, Nov. 15.—The Labor party in Great Britain is now completely independent of the British political parties. At a conference today the party leaders placed the organization in opposition to both Liberals and Unionists and definitely declared its independence of the coalition Government.

Its representatives in the Lloyd George Ministry were instructed to cease their connection with the Government after the end of the present Parliament, November 15.

The Labor party contends the Government has not stated a
